

Business Registration in Sedona

To create a viable economic future for Sedona, the City needs information regarding our business community. Therefore, required business registration for all businesses operating in Sedona began on January 31, 2006. All businesses whether or not they are headquartered within Sedona need to obtain and maintain a business registration.

In this packet, you'll find a registration application and related information to assist you. Each business you operate requires a separate registration, so you may need to obtain additional applications. You may find these on the City's website at www.SedonaAZ.gov or you may pick one up at the City Clerk's Office at 102 Roadrunner Drive, Sedona, AZ 86336, Mondays through Fridays from 8 a.m. until 5 p.m.

Registration fees are \$25 per year for the first business, and \$5 for each additional business registered under the same owner. Once your application is complete and fully paid, the City issues a registration certificate to you for posting in your place of business. Prior to the expiration of your registration, the City will mail a renewal form to you.

Please return your completed application to

City of Sedona
City Clerk's Office
102 Roadrunner Drive
Sedona, AZ 86336

If you have any questions, please call the City at (928) 282-3113 for assistance.
